Brand New 15-Day *National Parks & Legendary Rivers* Cruise

GUILFORD, CT—September 7, 2022—American Cruise Lines proudly announces a brand new **15-Day *National Parks & Legendary Rivers*** itinerary for 2023. Following successful product testing this year, the itinerary will be the country’s largest land-cruise package and the first-ever coupling of a river cruise with the mountain states’ national parks. Operating between Portland, Oregon, and Jackson, Wyoming, American’s *National Parks & Legendary Rivers* itinerary includes an 8-Day cruise, a special *Jet Boat* adventure in Hells Canyon, and a 7-Day land exploration through Glacier, Yellowstone, and Grand Teton National Parks. The *National Parks & Legendary Rivers* itinerary is available to book now. There is limited availability and it is sold as one commissionable itinerary and not sold separately.

“This new itinerary showcases the operating breadth and market leadership of American Cruise Lines. The *National Parks & Legendary Rivers* itinerary offers our guests a unique opportunity to explore two

rivers and five states throughout the Northwest in a single seamless journey,” said Charles B. Robertson, President & CEO of American Cruise Lines.

2023 guests will begin their *National Parks & Legendary Rivers* journey along the Columbia and Snake Rivers as they re-trace the epic route traveled by Lewis & Clark. Along both rivers, American’s guests can immerse themselves in the history of the famous expedition, admire breathtaking landscapes of the diverse passing scenery which changes dramatically throughout the journey—from splendid views of the Pacific in Astoria to lush alpine meadows, to high desert canyons to the picturesque sight of snow-capped Mt. Hood. Guests will also enjoy guided immersive experiences both on board and on shore each day—diverse opportunities include active excursions like kayaking along the Columbia River Gorge to more relaxing experiences such as wine tastings at local wineries along the Hood River.

As the adventure continues on land, guests journey onward into the National Parks where they can explore the Parks’ magnificent glacier carved peaks and valleys, dense ancient forests, and pristine turquoise lakes. Guests will experience Yellowstone’s world famous geyser, Old Faithful, and be able to enjoy firsthand the majestic wildlife that still freely roams in Grand Teton National Park today. Special highlights include an exhilarating *Jet Boat* ride through Hells Canyon; visits to Mammoth Hot Springs, Lake MacDonald, and Jenny Lake; plus overnights in scenic Coeur d’Alene, Idaho, and breathtaking Jackson, Wyoming.
