American Cruise Lines Announces New Starlink Wi-Fi on 2023 Fleet

GUILFORD, CT—January 4, 2023—American Cruise Lines has announced today, that new Starlink satellite internet has been added to their 2023 fleet of riverboats and small cruise ships. The new Starlink satellite service is a major upgrade, ensuring seamless connectivity and faster upload speeds nearly everywhere the company’s small ships are cruising throughout the country—from Glacier Bay Alaska to the sunny Florida Keys; from the Napa Valley wine country to the historic Hudson River; and from the Mighty Mississippi to the stunning Columbia and Snake Rivers.

Starlink is powered by a constellation of lower earth (LEO) satellites, that provides a stable connection to American's continuously moving ships and riverboats. American beta-tested the Starlink service in 2022 and cruise guests who experienced the platform during the testing phase responded with rave reviews.

Consistent with American Cruise Lines' all-inclusive value, the new high-speed Starlink Wi-Fi will be complimentary on all 2023 cruises.

This new year, American Cruise Lines remains committed to offering the newest small ships for domestic U.S. cruising and to ensuring the most modern amenities aboard every ship in the fleet. The company has continued to introduce new riverboats and small ships each year and will introduce 3 more new ships in 2023. American renovated and redecored their entire paddlewheel fleet in 2022 and recently updated interiors aboard their existing small cruise ships. In 2023, American Cruise Lines has 17 small ships and riverboats exploring in 35 states, cruising both coasts and all the rivers in between.

American's small ship itineraries offer an all-inclusive experience and feature over 400 exciting shore excursions across the country. All cruises deliver incredible value and include complimentary onboard enrichment and entertainment, fine cuisine, wine and beer with both lunch and dinner, and a festive cocktail hour with hors d'oeuvres each evening. All American's ships offer 100% outward-facing accommodations, nearly all with private furnished balconies. Ships also include complimentary room service and Wi-Fi, and many also offer included alternate casual dining venues. **2023-2024 cruise pricing includes *Port Charges & Fees* as well as *Tips & Gratuities*. All American Cruise Lines' River and Coastal cruises offer domestic *Flat-Rate Airfare* and many cruises also offer extended *Pre-Cruise Packages*, as well as *Complimentary Pre-Cruise Hotel Stays*.**

About American Cruise Lines:

American Cruise Lines offers river cruising and small ship coastal cruising in the U.S.A. American continues to launch the newest U.S. built ships and uniquely curated itineraries for exploring and *Cruising Close to Home*[®]. On all American's cruises, guests discover the history, spirit, and culture of the United States aboard a sophisticated fleet of American riverboats and small cruise ships. In 2023, American will operate 17 ships, each accommodating just 100-190 passengers, which cruise more than 50 domestic itineraries in 35 states. **American offers domestic *Flat-Rate Airfare* for all its U.S. cruises and *Complimentary Pre-Cruise Hotel Stays* in cities across the country.**
